Orran (meaning "haven" in Armenian) was established in 2000 with the mission of preventing the spread of destitution and begging among Armenia's children and elderly. Today, through the efforts of Orran Benevolent NGO, more than 200 children and 90 elderly benefit from our comprehensive services of intervention every day.

Come and see the performance of the Orran children and hear songs performed by the elderly choir.

If you cannot attend the banquet but would like to sponsor a meal for a child or a number of children for the whole year, we would be happy to announce your sponsorship at the dinner. The cost of one child's meal for one year is \$500 or \$1000 which includes expenses of shoes, clothing, school supplies and transportation.
