YOUNGEST GROUP of 36 for \$5260 • JUNIOR GROUP of 44 for \$4600 • SENIOR GROUP of 31 for \$4860

Education is an important part of Orran's mission. Once the children have a hot meal and their medical and psychological well-being are ensured, efforts are concentrated on their education. To this end, the children are assigned to a group based on their age. There are three groups at Orran: youngest, junior and senior. Each group has a full-time paid teacher and volunteers helping them with daily homework assigned in the local schools. Once the children have completed their homework, the volunteers tutor them in various subjects such as math, physics and languages.

When this trio of brothers first arrived at Orran, each boy ended up eating three servings of food for the entire first month just to make up for the nourishment they lacked for so long.

Six days a week, our children walk or take the bus to Orran centers after school to have a homemade meal consisting of soup or salad, a hot, nutritious main course and dessert, prepared by our dedicated chefs and staff.

To date, we have been able to feed thousands of children at our center in Yerevan and second center in Vanadzor that opened in 2012.

School Uniforms, Bags, Supplies

Children need to be at peace when they begin the school year—to feel as equals with their classmates, free of discrimination based on appearance and social status. When children enter school on the first day, we want them to feel no different than their classmates.

“School is a building which has four walls with tomorrow Inside.”
